INSTRUCTIONS

1. If you're doing the blue-green fish, thin down Guacamole, Oceanscape, and Blue Lagoon paint with 50% water to 50% paint.
2. If you're going the yellow-orange fish, thin down Sunnyside Up, Carrot Juice, and Red Head paint with 50% water to 50% paint.
3. Use a medium brush to apply 2-3 coats of the watered-down paint to the top half of the body:
 - a. Blue Fish - Oceanscape
 - b. Yellow Fish - Sunnyside Up
4. Next, use a medium brush to apply 2-3 coats of watered-down paint to the top fin and the bottom half of the body:
 - a. Blue Fish - Blue Lagoon
 - b. Yellow Fish - Carrot Juice and Sunnyside Up
5. Use a small brush to apply 2-3 coats of watered-down paint to the side fins:
 - a. Blue Fish - Guacamole
 - b. Yellow Fish - Red Head
6. Use a small brush to apply 2-3 coats of watered-down paint to the tail fin:
 - a. Blue Fish - Guacamole and Oceanscape
 - b. Yellow Fish - Red Head
7. Use a detail brush to apply 2 coats of Snowflake to the eyes.
8. When the fish is dry, use a sanding stick or a scraping tool to remove the paint that is on the raised lines of the piece.
9. Finally, use a detail brush to apply 2 coats of Stonewashed to the pupils.

TIPS

- Because we watered down the paint, we aren't going for solid coverage. We want it to be a watercolor effect.
- The sanding stick works best when the paint is dry, so allow it to sit for a few minutes.
